THE BANK STATEMENT.

SATURDAY, NOV. 21-6 P. M. The stock market to-day was comparatively teady, yet unsatisfactory, the sales being small

and the prices unsuggestive. The halt that has been made during the last two or three days is ot understood, and in the absence of outside custom there has not been much inducement on the part of brokers to make a material change in the figures recently quoted. There are no comments made on the street which are calculated to affect values one way or the other, and there seems to be developed for the moment simply a process of patient waiting. Whether prices are too high or too low to suit speculators is a question yet to be

Compared with the closing prices yesterday the narket shows a gain in the majority of stocks, as will be seen by the following figures:-

Ohio and Mississippi, Panama, St. Paul, Atlantic and Pacific Telegraph were in statu quo.

THE COURSE OF STOCKS

Pacific, of Missouri, sold at 46, with an advance on fifty shares at the close to 46%.

THE TRANSACTIONS
of the day amounted to the insignificant figure of 7,000 shares. The dulness of the day may be inferred. No such paucity of business has been ex-hibited during the past week. The sales were dis-
